

## **Explanations of tariffs for paid category numbers for fixed communication services of JSC "Uzbektelecom"**

### **1. The procedure for allocating a number from a paid category.**

#### 1.1. Designation of templates (masks) of paid category numbers:

- X, Y, Z - code (region / operator) and prefix numbers;
- A, B - numbers from 0 to 9;
- AA, BB, 00, 77 - repeating digits;
- XY YYY YY YX - an example of a template (mask) with a numbering range associated with a code (region / operator) and a prefix.

1.2. If a paid number coincides with several templates (masks), the cost is charged according to the most expensive template (this note does not apply to numbers with masks 6666, 0666, 6660, 666A, A666).

1.3. These tariffs and mask ranges are applied when allocating numbers to provide the following services:

- Fixed telephone communication services provided by TDM technologies and IP telephony;
- Intellectual services of the Call center: "Virtual office", "Televoting", "Additional tariff" and other services in the allocation of smart numbers;
- "Free Call" service, for numbers with the code 0 800;
- When providing numbers from the range of JSC "Uzbektelecom" for use in the subscriber's private network connected to the network with access to the public network.

1.4. With a new connection, a fee is charged for allocating a number from a paid category, and also, depending on the type of service for which the number is allocated, a fee is charged for providing access to the telephone network, granting the right to use one smart number, a number with a code 0 800, etc. ., stipulated by price lists No. 125-1 / 1, No. 125-1 / 7.

1.5. The company reserves the right to change the cost of paid numbers in accordance with the terms of the promotions.

1.6. The company reserves the right to reserve certain categories of rooms from the open numbering range and sell them based on an auction. In this case, the final cost will be determined based on the results of the auction.

### **2. Replacement of a paid category number.**

2.1. In case of replacing a simple (not included in the paid category) or paid number with a number of a paid category, a fee will be charged for the replacement of the number according to the tariff list No. 125-1 / 7 (in accordance with Article 25, Section III "Tariffs for urban and rural telephone communication"), as well as the full cost for allocating a number from the paid category.

2.2. In case of replacement of a number included in the paid category, on the initiative of JSC "Uzbektelecom" in connection with the ongoing work to optimize the numbering capacity on the telecommunications network, replacement is carried out without charging, based on the technical feasibility, with the allocation of a number in the same category of the number previously used by the subscriber.

### **3. Transferring a paid category number.**

3.1. For porting a paid category number to different buildings (within the service area of the regional branch of Uzbektelecom JSC), a fee of 40% is charged from the cost of payment for access when organizing communication in a non-telephoned room, in accordance with article 21, section III "Tariffs for urban and rural telephone services", price list No. 125-1 / 7.
